*1978 Camaro Z28 Rebuild Will Feature JVC’s 2017 Flagship CD Receiver*

**LONG BEACH, CALIF., November 2, 2016 (MEDIAWIRE)** – JVC Mobile Entertainment announced it has become the official head unit sponsor of “Zed Sled 2,” a vehicle restoration project by TV personality and paint expert Kevin “KT” Tetz. The finished 1978 Camaro Z28 will feature the JVC KD-R875BTS, to be replaced with the 2017 model KD-R985BTS when it becomes available. The audio installation was conducted by Christopher Robinson of AutoPro of Nashville, while most engine work was finished at Bay One Customs in Springfield, Tenn.

“We are happy to be involved in a project that has garnered so much attention from automotive and restoration devotees,” said Hazim Jainoor, marketing manager for JVC Mobile Entertainment. “Kevin is well-respected in the automotive aftermarket, both for his knowledge of paint and restoration, and his enthusiasm in connecting with his audience.”

The Camaro will be showcased at the 2016 Specialty Equipment Market Association (SEMA) show, in the Heatshield Products booth, #24013 in the Central Hall, and later on enthusiast network television and other car shows.
